Doug P. Poon, M.D.

Kelley Burchell-Young, M.D.

**THE 2 YEAR CHECK-UP**

Please respond to the following items by marking a "+" if your child exhibits the behavior and "-" if your child does not exhibit the behavior. This information will assist your child's pediatrician in performing a comprehensive evaluation of his/her language development.

- \_\_\_\_\_ 1. Does your child seem to hear and comprehend most of what is said to him?
- \_\_\_\_\_ 2. Does your child follow two step directions consistently: "Pick up the ball and bring it to me"?
- \_\_\_\_\_ 3. Does your child use 2-3 word "sentences" to talk about and ask for things?
- \_\_\_\_\_ 4. Is your child's speech understood by familiar listeners most of the time?
- \_\_\_\_\_ 5. Does your child give his listener good eye contact when he/she is speaking to someone?
- \_\_\_\_\_ 6. Does your child enjoy being next to children of the same age and show interest in playing with them by perhaps giving a toy to the other child?
- \_\_\_\_\_ 7. Does your child understand prepositions: "in", "out", "on", "up", etc?
- \_\_\_\_\_ 8. Is your child beginning to use pronouns such as "mine"?
- \_\_\_\_\_ 9. Does your child sometimes begin a conversation? (Doesn't wait for someone else to start the talking)
- \_\_\_\_\_ 10. Does your child answer questions accurately with words or gestures? (He/She knows the topic of conversation and can answer correctly)
- \_\_\_\_\_ 11. Does your use at least 2 words together without imitating or repeating?
- \_\_\_\_\_ 12. Does your child refer to himself/herself by name?
- \_\_\_\_\_ 13. Does your child recognize new words daily at an increasing rate? Does he recognize almost all common objects and know what they are used for?

Child's name: \_\_\_\_\_ Age: \_\_\_\_\_ Date of Visit: \_\_\_\_\_
